TRAINING & INTERNSHIP

Infosys Limited *Python Programming Intern (Online Training)* Jun 2024 – Jul 2024

- Completed an online internship program focused on **Python programming** and project-oriented learning.
- Developed multiple mini-projects and assignments applying **data structures**, **OOP**, and error handling.
- Strengthened problem-solving and debugging skills through hands-on exercises and guided training modules.
- Gained exposure to **industry-style coding practices** and improved code readability and modularity.

PROJECTS

Snake Game *Python — Personal Project*

- Developed an interactive **snake game in Python** using **OOP principles**, implementing collision detection, scoring, and difficulty scaling.
- Focused on **clean code structure**, modular functions, and user-friendly controls to improve gameplay experience.

Anime Recommendation System *Flask, Scikit-learn, Pandas — College Project*

- Built a web-based **recommendation system** using **content-based** and **hybrid filtering techniques** to personalise anime suggestions.
- Integrated **Flask backend** and deployed on **Render** for real-time recommendations; handled a dataset of **1000+ entries**.
- Implemented **feature extraction** and **cosine similarity** to improve relevancy of results.

Cryptocurrency Analysis & Alert Agent *Python, APIs, JSON, AI Agents, Data Visualization — Ongoing*

- Designing an **alert system** to fetch and process **live/historical crypto data** through **APIs**.
- Using **JSON** for structured data handling, transformation, and storage.
- Leveraging **AI agents** for **automation** of data processing and alert generation.
- Implementing interactive **data visualization** to represent trends and processed outputs effectively.

TECHNICAL SKILLS

Languages: Python, SQL, C++

Frameworks & Tools: Flask, Scikit-learn, Pandas, NumPy, Matplotlib, Git, Render

Concepts: Machine Learning, Recommender Systems, Data Analysis, APIs, JSON Handling, Data Visualization, AI Agents

EDUCATION

B.Tech in Computer Science (Data Science Specialization) Aug 2021 – Present

Lyallpur Khalsa College Technical Campus, Jalandhar, India

12th (Lawrence International School) Apr 2020 – Mar 2021

CERTIFICATES

- **Business Strategy Simulation** — BIZIGA Mar 2024
- **AWS Academy Graduate** — Lyallpur Khalsa College Apr 2023
- **Elements of AI** — Online Platform Aug 2022
- **AI/ML for Geodata Analysis** — ISRO Aug 2024
